

CODE: **RAP-F** v1.0/l  
 NAME: **RAP-F Frame F Patch Panel, 24 ports**

### INTENDED USE

Patch panel frame is designed for mounting up to 24 individual „F” connectors in RACK 19” cabinets.

This element, equipped with connectors, is the final element of the structured fiber cabling system RTVSAT (coaxial cable 75 Ohm).

These modules in addition to IT solutions are also used in systems referred to in the Regulation of the Minister of Transport, Construction and Maritime Economy of 22.11.2012 paragraph 192f item 1 pp2 on the preparation of wiring in multifamily buildings (AIZ -collective antenna systems).

In addition to fiber optic cables, twisted pair cables and coaxial cables are also used as patch cables.

All of these modules are commonly referred to as Patch Panels.

In order to organize the cables, the patch panel modules are numbered.

### Caution!

The supplied Patch panel frame is not fitted with „F” connectors.

### SPECIFICATIONS

<b>Dimensions:</b>	1U, 19"
<b>Net/gross weight:</b>	0,23 / 0,25 [kg]
<b>Finish:</b>	steel plate 1,0mm, color black (RAL 9005)
<b>Module space:</b>	24 connectors „F” (barrel gn.F- gn.F)
<b>Mounting connectors:</b>	secure the „F” barrel connector with the nut from the connector kit
<b>Application:</b>	Indoor
<b>Notes:</b>	<ul style="list-style-type: none"> <li>- Two-point butt mounting to RACK profiles</li> <li>- The set includes 2 M6 screws + cage nuts</li> <li>- The frame is not fitted with cable management system</li> <li>- The frame is not fitted with „F” connectors</li> </ul>

### Mounting:

„F” connector

Patch panel RAP-F
